Sec. 22. Minnesota Statutes 2023 Supplement, section 201.071, subdivision 1, is amended to read:

Subdivision 1. Form. Both paper and electronic voter registration applications must contain the same information unless otherwise provided by law. A voter registration application must contain spaces for the following required information: voter's first name, middle name, and last name; voter's previous name, if any; voter's current address; voter's previous address, if any; voter's date of birth; voter's municipality and county of residence; voter's telephone number, if provided by the voter; date of registration; current and valid Minnesota driver's license number or Minnesota state identification number, or if the voter has no current and valid Minnesota driver's license or Minnesota state identification, the last four digits of the voter's Social Security number; a box to indicate a voter's preference to join the permanent absentee voter list; and voter's signature. The paper registration application must provide a space for a voter to provide a physical description of the location of their residence, if the voter resides in an area lacking a specific physical address. The paper registration application may include the voter's email address, if provided by the voter. The electronic voter registration application must include the voter's email address. The registration application may include the voter's interest in serving as an election judge, if indicated by the voter. The application must also contain the following certification of voter eligibility:
"I certify that I:

(1) am at least 16 years old and understand that I must be at least 18 years old to be eligible to vote;

(2) am a citizen of the United States;

(3) will have maintained residence in Minnesota for 20 days immediately preceding election day;

(4) maintain residence at the address or location given on the registration form;

(5) am not under court-ordered guardianship in which the court order revokes my right to vote;

(6) have not been found by a court to be legally incompetent to vote;

(7) am not currently incarcerated for a conviction of a felony offense; and

(8) have read and understand the following statement: that giving false information is a felony punishable by not more than five years imprisonment or a fine of not more than $10,000, or both."

The certification must include boxes for the voter to respond to the following questions:

"(1) Are you a citizen of the United States?" and

"(2) Are you at least 16 years old and will you be at least 18 years old on or before the day of the election in which you intend to vote?"

And the instruction:

"If you checked 'no' to either of these questions, do not complete this form."

The form of the voter registration application and the certification of voter eligibility must be as provided in this subdivision and approved by the secretary of state. Voter registration forms authorized by the National Voter Registration Act must also be accepted as valid. The federal postcard application form must also be accepted as valid if it is not deficient and the voter is eligible to register in Minnesota.

An individual may use a voter registration application to apply to register to vote in Minnesota or to change information on an existing registration.

EFFECTIVE DATE. This section is effective June 1, 2024.
Sec. 23. Minnesota Statutes 2022, section 201.071, subdivision 3, is amended to read:

Subd. 3. Deficient registration. No voter registration application is deficient if it contains the voter's name, address or location of residence, date of birth, current and valid Minnesota driver's license number or Minnesota state identification number, or if the voter has no current and valid Minnesota driver's license or Minnesota state identification number, the last four digits of the voter's Social Security number, if the voter has been issued a Social Security number, prior registration, if any, and signature. The absence of a zip code number does not cause the registration to be deficient. Failure to check a box on an application form that a voter has certified to be true does not cause the registration to be deficient. The election judges shall request an individual to correct a voter registration application if it is deficient or illegible. No eligible voter may be prevented from voting unless the voter's registration application is deficient or the voter is duly and successfully challenged in accordance with section 201.195 or 204C.12.

A voter registration application accepted prior to August 1, 1983, is not deficient for lack of date of birth. The county or municipality may attempt to obtain the date of birth for a voter registration application accepted prior to August 1, 1983, by a request to the voter at any time except at the polling place. Failure by the voter to comply with this request does not make the registration deficient.

A voter registration application accepted before January 1, 2004, is not deficient for lack of a valid Minnesota driver's license or state identification number or the last four digits of a Social Security number. A voter registration application submitted by a voter who does not have a Minnesota driver's license or state identification number, or a Social Security number, is not deficient for lack of any of these numbers.

A voter registration application submitted electronically through the website of the secretary of state prior to April 30, 2014, is not invalid as a result of its electronic submission.

EFFECTIVE DATE. This section is effective June 1, 2024.

Sec. 24. Minnesota Statutes 2023 Supplement, section 201.091, subdivision 4, is amended to read:

Subd. 4. Public information lists. (a) The county auditor shall make available for inspection a public information list which must contain the name, address, year of birth, and voting history of each registered voter in the county. Data on applicants submitted pursuant to section 201.061, subdivision 1b, are not part of the public information list until the voter is registered or has voting history. The list must not include the party choice of
any voter who voted in a presidential nomination primary. The telephone number must be
included on the list if provided by the voter. The public information list may also include
information on voting districts. The county auditor may adopt reasonable rules governing
access to the list.

(b) No individual inspecting the public information list shall tamper with or alter it in
any manner. No individual who inspects the public information list or who acquires a list
of registered voters prepared from the public information list may use any information
contained in the list for purposes unrelated to elections, political activities, or law
enforcement. The secretary of state may provide copies of the public information lists and
other information from the statewide registration system for uses related to elections, political
activities, or in response to a law enforcement inquiry from a public official concerning a
failure to comply with any criminal statute or any state or local tax statute.

(c) Before inspecting the public information list or obtaining a list of voters or other
information from the list, the individual shall provide identification to the public official
having custody of the public information list and shall state in writing that any information
obtained from the list will not be used for purposes unrelated to elections, political activities,
or law enforcement. Requests to examine or obtain information from the public information
lists or the statewide registration system must be made and processed in the manner provided
in the rules of the secretary of state.

(d) Upon receipt of a statement signed by the voter that withholding the voter's name
from the public information list is required for the safety of the voter or the voter's family,
the secretary of state and county auditor must withhold from the public information list the
name of a registered voter.

(e) Notwithstanding paragraphs (b) and (c) and regardless of the purpose of the
publication, a recipient of a public information list must not:

(1) publish any of the information from the list on the Internet on any list, database, or
other similar searchable format; or

(2) sell, loan, provide access to, or otherwise surrender any information obtained from
the list to any person or entity, except that an individual who obtains the public information
list on behalf of an organization, entity, or political subdivision may distribute the information
to the organization's, entity's, or political subdivision's volunteers or employees for purposes
related to elections, political activities, or law enforcement in the case where the information
is provided in response to a law enforcement inquiry from a public official concerning a
failure to comply with any criminal statute or any state or local tax statute. Nothing in this
section prohibits the preparation, use, or transfer, for purposes related to elections or political activities, of a database that includes data obtained from the public information list which is aggregated with data obtained from other sources provided that such database is used exclusively for purposes related to elections or political activities and no information from the list is published on the Internet. The prohibitions of this paragraph do not apply if the subject of the information provides express written permission to use the subject's data in a manner otherwise prohibited by this paragraph. For purposes of this paragraph, "publish" means information is made available to the general public.

EFFECTIVE DATE. This section is effective the day following final enactment.

(b) All school districts must make available paper or electronic voter registration applications each May and September to all students registered as students of the school district who will be eligible to register or pre-register to vote at the next election after those months. A school district has no obligation to provide voter registration applications to students who participate in a postsecondary education option program or who otherwise maintain residence in the district but do not attend a school operated by the district. A school district fulfills its obligation to a student under this section if it provides a voter registration application to the student one time.

(c) The voter registration forms must contain spaces for the information required in section 201.071, subdivision 1, and applicable rules of the secretary of state. The institutions and school districts may request these forms from the secretary of state. Institutions must consult with their campus student government in determining the most effective means of distributing the forms and in seeking to facilitate election day registration of students under section 201.061, subdivision 3. School districts must advise students that completion of the voter registration application is not a school district requirement.

(d) The institutions must report to the secretary of state by November 30 of each year on their implementation of this section. At a minimum, the report must include how and
when the forms were distributed and the voter engagement plan under subdivision 3, paragraph (b), clause (2). Institutions may include information about methods that were effective in increasing student registrations.

For a federal, state, or county election, (b) An absentee ballot application may alternatively be submitted electronically through a secure website that shall be maintained by the secretary of state for this purpose. Notwithstanding paragraph (b) (d), the secretary of state must require applicants using the website to submit the applicant's email address and verifiable Minnesota driver's license number, Minnesota state identification card number, or the last four digits of the applicant's Social Security number. This paragraph does not apply to a town election held in March.

(c) An application submitted electronically under this paragraph may only be transmitted to the county auditor for processing if the secretary of state has verified the application information matches the information in a government database associated with the applicant's driver's license number, state identification card number, or Social Security number. The secretary of state must review all unverifiable applications for evidence of suspicious activity.
and must forward any such application to an appropriate law enforcement agency for investigation.

(f) An applicant's full date of birth, Minnesota driver's license or state identification number, and the last four digits of the applicant's Social Security number must not be made available for public inspection. An application may be submitted to the county auditor or municipal clerk by an electronic facsimile device. An application mailed or returned in person to the county auditor or municipal clerk on behalf of a voter by a person other than the voter must be deposited in the mail or returned in person to the county auditor or municipal clerk within ten days after it has been dated by the voter and no later than six days before the election.

(g) An application under this subdivision may contain an application under subdivision 5 to automatically receive an absentee ballot.

EFFECTIVE DATE. This section is effective September 1, 2025, and applies to elections occurring on or after November 4, 2025.

as required by section 201.061, subdivision 3.

**EFFECTIVE DATE.** This section is effective for elections for which the absentee

language representing three percent or more of a census tract.

(b) If the number of residents determined under subdivision 2 equals 20 percent or more

information that gives the secretary of state or county auditor sufficient reason to believe a
need exists, at least four copies of the translated voting instructions and sample ballots must
be provided to each precinct in that district during any regular or special state election
conducted in that district. If more than one language is represented in the 20 or more percent
of residents as determined in subdivision 2, translated materials must be provided in, at

(c) The county auditor must maintain a list of the designated language minority districts on its website, including the precinct name, languages that materials will be provided in, and, if applicable, where interpreters will be provided and the language they speak. Count results from absentee ballots received by the county after 3:00 p.m. on election day may be added to the total count results after the initial results reporting of the precinct. If the precinct results do not include all absentee ballots, the county must report to the secretary of state and on the county's website the number of absentee ballots remaining to be processed. After processing the remaining ballots, the county must post on the county's website how many of the remaining ballots were accepted and added to the totals and how many were rejected and therefore not counted.

Subdivision 1. Determination of proper number. The election judges shall determine the number of ballots to be counted by adding the number of return envelopes from accepted absentee ballots to tallying the number of signed voter's certificates, or to the number of names entered in the election register. The election judges shall then remove all the ballots from the box. Without considering how the ballots are marked, the election judges shall ascertain that each ballot is separate and shall count them to determine whether the number of ballots in the box corresponds with the number of ballots to be counted.

All members of the State Canvassing Board shall sign the report and certify its correctness. Within three days after completing the canvass, the State Canvassing Board shall declare the result and declare the candidates duly elected who received the highest number of votes for each federal office and for each state office voted on in more than one county.

the canvassing board shall manually recount the votes upon receiving a written request from the candidate whose election is in question.

Immediately following the meeting of the board that has responsibility for canvassing the results of the general election, the filing officer must notify the candidate that the candidate has the option to request a recount of the votes at no cost to the candidate. This written request must be received by the filing officer no later than 5:00 p.m. on the second day after the canvass of the election for which the recount is being sought.

At the canvass of the state general election, the county canvassing boards must select the precincts to be reviewed by lot. The ballots to be reviewed for a precinct include both the ballots counted at the polling place for that precinct and the absentee ballots counted centrally by a ballot board for that precinct. The county canvassing board of a county with fewer than 50,000 registered voters must conduct a postelection review of a total of at least two precincts. The county canvassing board of a county with between 50,000 and 100,000 registered voters must conduct a review of a total of at least three precincts. The county canvassing board of a county with over 100,000 registered voters must conduct a review of a total of at least four precincts, or three percent of the total number of precincts in the
county, whichever is greater. At least one precinct selected in each county must have had more than 150 votes cast at the general election.

The secretary of state must post this information on the office website.

Sec. 55. Minnesota Statutes 2022, section 206.89, subdivision 3, is amended to read:

Subd. 3. Scope and conduct of review. The county canvassing board shall appoint the postelection review official as defined in subdivision 1. If all precincts in that jurisdiction have been reviewed, the county auditor must immediately publicly select by lot at least three additional precincts for review. The postelection review official must complete the additional review within two
43.1 days one day after the precincts are selected and report the results immediately to the county auditor. If the second review in any of the reviewed precincts also indicates a difference in the vote totals compiled by the voting system that is greater than the thresholds specified in subdivision 4, the county auditor must conduct a review of the ballots from all the remaining precincts in the county for the races indicated in subdivision 3. This review must be completed and the results must be reported to the secretary of state within six days after the second review was completed.

43.8 (b) If the results from the countywide reviews from one or more counties comprising in the aggregate more than ten percent of the total number of persons voting in the election clearly indicate that an error in vote counting has occurred, the secretary of state must notify the postelection review official of each county in the district that they must conduct manual recounts of all the ballots in the district for the affected office using the procedure outlined in section 204C.35. The recount must be completed and the results reported to the appropriate canvassing board within two weeks after the postelection review official received notice from the secretary of state.

Sec. 57. Minnesota Statutes 2022, section 206.89, subdivision 6, is amended to read:

Subd. 6. Report of results. Upon completion of the postelection review, the postelection review official must immediately report the results to the county auditor. For purposes of this chapter, "statewide office" means the office of governor, lieutenant governor, attorney general, state auditor, secretary of state, chief justice or associate justice of the supreme court, judge of the court of appeals, or United States senator, or presidential elector or alternate.
Sec. 62. [209A.01] DEFINITIONS.

The definitions in chapter 200 apply to this chapter.

Sec. 63. [209A.02] CONTESTANT; GROUNDS.

Any eligible voter, including a candidate, wishing to contest the election of the presidential elector or alternate in the courts of this state whether over an irregularity in the conduct of an election or canvass of votes, the question of who received the largest number of votes legally cast, on the grounds of deliberate, serious, and material violations of Minnesota election law, or any other ground must do so according to this chapter.

Sec. 64. [209A.03] NOTICE OF CONTEST.

Subdivision 1. **Manner; time; contents.** Service of a notice of contest must be made in the same manner as the service of summons in civil actions. The notice of contest must specify the grounds on which the contest will be made. The contestant shall serve notice of the contest on the parties enumerated in this section. Notice must be served and filed on or before 5:00 p.m. one day after the canvass is completed, except that if the election is being recounted pursuant to section 204C.35, the time for notice of a contest shall begin to run upon certification of the results of the recount by the canvassing board.

Subd. 2. **Notice filed with court.** The contestant shall file the notice of contest under this section with the supreme court.

Subd. 3. **Notice served on parties.** The notice of contest must be served on all candidates for the office and on any other party as required by the court. A copy must also be furnished to the governor and secretary of state. If personal or substituted service on any party cannot be made, an affidavit of the attempt by the person attempting to make service and the affidavit of the person who sent a copy of the notice to the contestee by certified mail is sufficient to confer jurisdiction upon the court to decide the contest.

Sec. 65. [209A.04] CONTESTEE'S ANSWER.

Subdivision 1. **Contest of vote count.** If a notice of contest questions only which of the parties to the contest received the highest number of votes legally cast at the election, the contestee need not file an answer, unless the contestee desires to raise issues not specified in the notice of contest.

Subd. 2. **Other contests.** For all other election contests the contestee's answer to the notice of contest must be filed and served on all candidates for the office and on any other
party as required by the court. A copy must also be furnished to the governor and secretary of state. The answer must so far as practicable conform to the rules for pleading in civil actions. Service and filing of the answer must be made two days after service of the notice of contest. The contestee's answer must be served in the same manner as the answer in a civil action or in the manner the court may order. Any other notices must be served in the manner and within the times the court may order.

Sec. 66. [209A.05] VENUE.

The court for the election contest of presidential electors shall be the supreme court.

Sec. 67. [209A.06] GUARDING AND INSPECTING THE BALLOTS.

Sec. 68. [209A.07] PLEADINGS; PROCEDURE.

The court shall proceed in the manner provided for the trial of civil actions so far as practicable, but must issue its decision at least one day before the deadline to submit the certificate of ascertainment as required under the laws of the United States.

Sec. 69. [209A.08] RESULTS OF CONTEST.

Subdivision 1. Generally. When the court decides an election contest under this chapter, the court may invalidate and revoke any election certificate which has been issued to a presidential elector. If the contest involved an error in the counting of ballots, the official authorized to issue the certificate of election shall issue the certificate to the person entitled to it, but if a contestant succeeds in a contest where there is no question as to which of the candidates received the highest number of votes cast at the election, the contestant is not, by reason of the disqualification of the contestee, entitled to the certificate of election.

Subd. 2. Defective ballots. In a contested election, if the court decides that a serious and material defect in the ballots used changed the outcome of the election, the election must be declared invalid.

Subd. 3. Costs of contest. If the contestee succeeds, costs of the contest must be paid by the contestant. If the contestant succeeds, costs of the contest must be paid by the
contestee, except that if the contestee loses because of an error in the counting of ballots or
canvass of the returns or because of any other irregularity in the election procedure, costs
must be paid, in the discretion of the judge, by the election jurisdictions responsible for
errors which resulted in the reversal of the prior results of the election.
