

Human Services Omnibus Budget Bill Index  
S.F. 4476, as amended by the A-1 (Hoffman)  
April 15, 2026

Article 1: CONTINUITY OF CARE

Section	S.F./Source	Description
		This article is a portion of a chair’s initiative to strengthen continuity of care for individuals receiving certain residential waiver services following the commissioner withholding payments to the provider.
1	Modified SF 476, art 1, sections 4 (Hoffman)	Establishes a continuity of care team at the department of human services to preplan, coordinate, and oversee the continuity of care of all clients of a residential waiver service provider who is subject to a payment withhold initiated by the commissioner, and provides for direct intervention by the continuity of care team if the lead agency is unable to adequately establish continuity of care.
2	Modified SF 476, art 1, sections 5 (Hoffman)	Makes two changes to the statute governing payment withholds: (1) clarifies that the commissioner has authority to stop a payment withhold under federally defined good cause exemptions; and (2) requires to the commissioner to coordinate with the department’s continuity of care team before implementing a payment withhold so the continuity of care team has sufficient time to preplan for any disruption in residential waiver services that may result from the payment withhold.
